Item 9: Other Matters

This is in compliance with the Securities and Exchange Commission (SEC) mandate dated 12 March 2020 for all publicly listed companies (PLCs) to apprise the investing public of the risks and impact of the COVID-19 on its business operation as well as to indicate the mitigating measures undertaken or to be undertaken by the PLC.

In order to mitigate the risk of spreading COVID-19 in the workplace, Keppel Philippines Holdings, Inc. (KPHI) has provided alternative work options such as working from home while ensuring that office operations will continue uninterrupted. Employees are regularly monitoring their temperature. Those who are not feeling well are advised to stay home and to seek medical attention. Employees, visitors and guests are required to declare travel abroad or if they have household members or close contact who have traveled abroad.

Aside from distributing protective masks and alcohol for personal use to its personnel, KPHI continues to inform its employees about the situation, especially on the implementing guidelines of the community quarantine for the National Capital Region and other related official pronouncement of the government as it develops.

The safety and health of our employees are our primary concern while we continue to provide guidance and reminder to our colleagues to practice heightened personal hygiene, and regular hand washing of hands with soap, use of alcohol dispensers in the workplace, practice social distancing, and avoid spreading unverified COVID-19 reports on the social media.
