KEPPEL PHILIPPINES HOLDINGS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (in Philippine Pesos)

1. Corporate Information

Keppel Philippines Holdings, Inc. (KPHI or the Parent Company) and its subsidiaries, KPSI Property, Inc. (KPSI) and Goodwealth Realty Development Corporation (GRDC), including GRDC's subsidiary, Goodsoil Marine Realty, Inc. (GMRI) (collectively referred to as "the Group"), are incorporated in the Philippines. The Parent Company was registered with the Philippine Securities and Exchange Commission (SEC) on July 24, 1975 with registered office address is Unit 3-B Country Space 1 Building, 133 Sen. Gil Puyat Avenue, Salcedo Village, Barangay Bel-Air, Makati City. The Parent Company is involved in investment holding while the subsidiaries are in the real estate industry.

In 1987, the Parent Company became a publicly listed entity through initial public offering (IPO) of its shares. There was no follow on offering after the IPO.

KPHI's shares are publicly traded in the Philippine Stock Exchange (PSE). As of September 30, 2021 and December 31, 2020, the top three (3) shareholders are the following:

	Percentage of Ownership
Kepwealth, Inc.	53.1%
Keppel Corporation Limited (KCL)	29.4%
Public	17.5%

As at September 30, 2021 and December 31, 2020, the following are the Parent Company's subsidiaries which all belong to the real estate industry:

	Percentage of Ownership
KPSI	100%
GRDC	51%
GMRI	51%

GRDC is 44% owned by Keppel Philippines Marine, Inc. Retirement Plan (KPMIRP) and 5% by Keppel Philippines Marine, Inc. (KPMI). GRDC owns 93.7% of GMRI, thus, KPHI has 51% effective ownership on GMRI, including its 3.2% separate interest in GMRI.

GMRI has 25% shareholdings with Consort Land, Inc. (CLI), providing KPHI a 13% indirect ownership in CLI.

The Parent Company has 6 regular employees as at September 30, 2021 and December 31, 2020. The administrative functions of the subsidiaries are handled by the Parent Company's management.

Impact of Coronavirus Disease-2019

Subsequent to the outbreak of the Coronavirus Disease 2019 ("COVID-19") since the first quarter of 2020, a series of measures to curb the pandemic have been and continues to be implemented in the Philippines.

As a result of the implementation of the community quarantine, the Group has extended lease concessions to its related party lessees (Note 15). One of the Group's third-party lessees experienced difficulties in meeting obligations to the Group which resulted in the termination of its lease contract. Consequently, the Group incurred impairment loss amounting to P0.1 million in 2020 (Note 7). This was recovered as of September 30, 2021. Management continues to implement measures to mitigate and reduce any negative impact to its profitability or any other economic effects on its business. Measures have likewise been undertaken to preserve the health and safety of its related impact on its business operations. As of September 30, 2021, management is continuously assessing the impact of the pandemic and deems that the entities in the Group will continue to operate as going concern within the year.

2. Basis of Preparation and Statement of Compliance

Basis of Preparation

The unaudited consolidated financial statements of the Group have been prepared in accordance with Philippine Financial Reporting Standards (PFRS). The term PFRS in general includes all applicable PFRS, Philippine Accounting Standards (PAS), and interpretation of the Philippine Interpretations Committee (PIC), Standing Interpretations Committee (SIC) and International Financial Reporting Interpretations Committee (IFRIC) which have been approved by the Financial Reporting Standards Council (FRSC) and adopted by the SEC.

The unaudited consolidated financial statements have been prepared on a historical cost basis, except for financial asset at FVOCI and the retirement benefit asset recognized as the total of the fair value of plan assets less the present value of the defined benefit obligation.

The preparation of the unaudited consolidated financial statements in conformity with PFRS requires the use of certain critical accounting estimates and assumptions. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement and complexity, or areas where estimates and assumptions are significant to the consolidated financial statements.

Basis of Consolidation

The unaudited consolidated financial statements comprise the separate financial statements of the Parent Company and its subsidiaries. The financial statements of the subsidiaries are prepared for the same reporting period as the Parent company, using consistent accounting policies. The Group uses uniform accounting policies; any difference between subsidiaries and Parent Company are adjusted properly.

All intra-group balances, transactions and unrealized gains and losses resulting from intra-group transactions are eliminated in full.

Assessment of Control

The Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights assessing from other contractual arrangements
- The Group's voting rights and potential voting rights.

The Parent Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Non-controlling interests (NCI) pertain to the equity in a subsidiary not attributable, directly, or indirectly to the Parent Company. NCI represent the portion of profit or loss and the net assets not held by the Group and are presented separately in the consolidated statements of income and consolidated statement of comprehensive income and within equity in the consolidated statement of financial position and consolidated statement of changes in equity.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the Parent Company and to the NCI, even if it results in the NCI having a deficit balance. Acquisitions of NCI are accounted for using the acquisition method, whereby the Group considers the acquisition of NCI as an equity transaction. Any premium or discount on subsequent purchases from NCI shareholders is recognized directly in equity and attributed to the owners of the parent. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an acquisition. If the Group loses control over a subsidiary, it:

• Derecognizes the assets (including goodwill) and liabilities of the subsidiary

- Derecognizes the carrying amount of any non-controlling interests
- Derecognizes the cumulative translation differences recorded in equity
- Recognizes the fair value of the consideration received
- Recognizes the fair value of any investment retained
- Recognizes any surplus or deficit in profit and loss

• Reclassifies the Parent Company's share of components previously recognized in other comprehensive income to profit of loss or retained earnings, an appropriate as would be required if the Group had directly disposed of the related assets and liabilities

As of September 30, 2021 and December 31, 2020, NCI pertains to 44% and 5% ownership of KPMIRP and KPMI, respectively in GRDC.

The financial information of GRDC and its wholly owned subsidiary, GMRI is provided below. This information is based on amounts before inter-company elimination.

There are no significant restrictions on the Group's ability to use assets or settle liabilities within the Group. There is no difference on the voting rights of non-controlling interests as compared to majority stockholders.

3. Summary of Changes in Significant Accounting Policies and Disclosures

There are no new standards, amendments to existing standards, and interpretations that are effective for the annual periods as at January 1, 2021, which would have a significant impact or are considered relevant to the Group's consolidated financial statements

4. Significant Accounting Policies

The Group's disclosures on significant accounting principles and policies and practices are substantially the same with the disclosures made on December 31, 2020 audited financial statements and for the period ended September 30, 2021. Any additional disclosures on the significant changes of accounts and subsequent events are disclosed in the succeeding notes and presented in the Management Discussion and Analysis.

5. Significant Accounting Judgment, Estimates and Assumptions

The Group's unaudited consolidated financial statements prepared under PFRS require management to make judgments and estimates that affect amounts reported in the consolidated financial statements and related notes. Future events may occur which will cause the judgment and assumptions used in arriving at the estimates to change. The effects of any change in judgments and estimates are reflected in the consolidated financial statements as they become reasonably determinable.

Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

As of September 30, 2021, there were no judgment, seasonal or cyclical aspects that materially affect the operation of the Group, no substantial nature and amount of changes in estimates of amounts reported in prior interim periods of the current financial year or changes in the estimates of amounts reported in December 31, 2020 audited financial statements, and no unusual items that materially affect the Group's assets, liabilities, equity, net income or cash flows.

The loan receivables from a related party pertains to unsecured, short-term interest-bearing loans obtained by KPMI, an entity under common control, from the Parent Company, GMRI and KPSI. (see Note 15)

Current portion of lease receivables and due from related parties are non-interest bearing and are generally 30 to 60-day terms. The noncurrent portion of lease receivables pertains to the difference between straight line method and contractual annual rents. These amounts are expected to reverse more than one (1) year from financial reporting date.

Interest receivable represents the Group's accrued interest on cash and cash equivalents and loan receivables.

Due from related parties representing receivables relating to reimbursement of expenses, is non-interest bearing and is due and demandable.

As at December 31, 2019, non-trade receivables pertain to deposit to a seller of a parcel of land, the title of which has not been transferred to the Group. The receivable was fully provided with allowance for impairment since 2003. In 2020, the Group wrote off the full amount as it deems it can no longer recover the balance after exhausting collection efforts.

The Group also recognized provision for impairment of lease receivable amounting to P0.1 million in 2020 pertaining to credit-impaired accounts from a third-party customer due to the latter's difficulty in meeting obligations to the Group in light of COVID-19. COVID-19 had no impact on other receivables of the Group. This provision has been recovered during the period ended September 30, 2021.

Land and land improvement in Batangas are leased to related parties (Note 15) while condominium units are leased to related and third parties.

The investment properties have an aggregate fair value of $\mathbb{P}^{1,1}$ billion based on an appraisal by an independent appraiser in December 2019. The fair value of the investment properties was determined using inputs such as discount rates, terminal yields, expected vacancy rates as estimated by the independent appraiser or management based on comparable transactions and industry data. The management believes that the fair value as of September 30, 2021 has not significantly changed from the last valuation date.

Group as lessor

The Group leases out a parcel of land used as a shipyard site in San Miguel, Bauan, Batangas to KPMI. The agreement is for a period of 50 years beginning 1993. The annual rental on the leased property is originally subject to 5% escalation after every five (5) years. In May 2007, the agreement was amended revising the annual lease rate and escalation rate to 1.50% escalation after every five (5) years.

Aside from the aforementioned lease, the Group leases out its investment properties to third party and related party customers for periods ranging from one (1) month to three (3) years with option to renew for another one (1) month to three (3) years under such terms and conditions as may be mutually agreed upon by the parties to the contracts.

The Group also leases out a piece of land which is the subject of complaint against the Philippine National Oil Company (PNOC) up to June 1, 2021. On June 2, 2021, the right to this land was sold to a third party. (Note 23).

Outstanding balances of transactions with related parties are unsecured and settlements are made in cash. As of this period, the Group has not made any provision for doubtful accounts relating to amounts owed by related parties because of the strong financial condition of the concerned entities. This assessment is undertaken each financial period through examining the financial position of the related party and the market in which the related party operates.

The following are the Group's significant transactions with related parties:

(a) Leases

The Group leases certain investments properties to related parties (Note 11). The Group granted lease concessions to KPMI equivalent to 25% on its rental from March 16, 2020 to December 31, 2020 covering the period of the General Community Quarantine which amounted to P2.6 million. This year, the Group granted 25% rebates on its rental from January 2021 to September 30, 2021 or equivalent of P2.3 million.

(b) Advances for various expenses and charges

The Group paid for various reimbursable expenses which are utilized in the normal operations of the related parties.

The Group also incurred share in various expenses due to KPMI relating to clearing and levelling operations on leased out properties amounting to P2.5 million in 2020. In September 2021, the Group sold its rights in a property in Bauan, Batangas to a third party with the support of KPMI and the Group paid $\Huge{P}7.2$ million as commission to KPMI.

(c) Loans

The Group granted short-term, interest-bearing loans to KPMI. Movements in loans receivable for the periods ended are as follows:

	Unaudited	Audited
	September 30	December 31
	2021	2020
Beginning	250,000,000	272,000,000
Collection	-	(22,000,000)
End	250,000,000	250,000,000

Total interest income earned from these loan agreements amounted to P6.5 million as of September 30, 2021 (2020 - P9.0 million). Accrued interest receivable amounted to P1.2 million and P1.1 million for the periods ending September 30, 2021, and December 31, 2020, respectively.

(d) Management fees

Since 2013, the Parent Company had management agreements with related companies for monthly management fees which are subject to change depending upon the extent and volume of services provided by the Parent Company. The services cover regular consultancy, handling of financial reporting, personnel and administration services and other government documentary requirements. The agreements are considered renewed every year thereafter, unless one (1) party gives the other a written termination at least three (3) months prior to the date of expiration.

(e) Payroll service fees

In 2020, the Group entered into payroll service agreements with KSSI and KPMI for the use of the payroll system of the Group. The Group charges these parties at agreed service fees for the one-time and recurring charges incurred by the Group. These agreements are considered renewed every year thereafter and subject to mutual amendments or termination by the parties

(f) Other income

The Group entered into an agreement with KPMI to assist the latter in its bidding activities for select projects with the Group earning a 1% share in KPMI's revenues and earned $\mathbb{P}1.1$ million in the project. In September 2021, KPMI sold certain equipment to a third party with the assistance of the Group and earned $\mathbb{P}0.8$ million. The income is recognized under other income in the consolidated statements of income.

(g) Key management personnel

There was share-based compensation, other long-term and termination benefits provided to key management personnel.

(h) Elimination

The following related party transactions and balances were eliminated for the purpose of preparing the consolidated financial statements:

16. Retirement benefit plan

The Group has a funded, non-contributory defined benefit plan covering the retirement and disability benefits to its qualified employees and is being administered by a trustee bank. The normal retirement age is sixty (60) years. Optional retirement age is fifty (50) years with at least fifteen (15) years in service. Early retirement date is upon completion of fifteen (15) years of service. The retirement obligation is determined using the "Projected Unit Credit" (PUC) method. Under the PUC method, the annual normal cost for the portion of the retirement is determined using the amount necessary to provide for the portion of the retirement benefit accruing during the year.

Net retirement benefit asset (obligation) in the statements of financial position as at September 30, 2021 amounted to P2.7 million (December 31, 2020 – P1.7 million).

The fair value of plan assets of the Group as at December 31, 2020 amounts to P10.6 which are mainly from contributions made in 2019, payment of benefit in 2020 of P1.8 million. No contributions made in 2020 and as at September 30, 2021.

The Group recognized provision for retirement benefit amounting P1.1 million and P1.3 million for the periods ending September 30, 2021 and 2020, respectively.

Movements in remeasurements on retirement benefits as at and for the year ended December 31, 2020 are as follows:

January 1	184,932
Remeasurement gain (loss)	(1,213,050)
Tax effect	79,256

Segment assets and segment liabilities are measured in the same way as in the consolidated financial statements. These assets and liabilities are allocated based on the operations of the segment. Segment revenue, segment expenses and segment results include transfers between business segments. Those transfers are eliminated in consolidation.

All the Group's revenues are derived from operation within the Luzon, an island in the Philippines, hence, the Group did not present geographical information required by PFRS 8, *Operating Segments*.

Rental income from KPMI amounted to $\clubsuit6.6$ million and \$7.8 million for the periods ended September 30, 2021 and 2020. Rental from KPMI comprises about 2% and 18% of the Group's revenue for the periods ended September 30, 2021 and 2020.

21. Financial Risk Management Objectives and Capital Management

Financial Risk Management

The Group's activities expose it to a variety of financial risks: credit risk, interest rate risk, equity price risk, and liquidity risk that could affect its financial position and results of operations. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group's financial performance. The BOD reviews and approves the policies for managing each of these risks, which are summarized below:

(a) Credit risk

Credit risk pertains to the risk that a party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Group transacts mostly with related parties, thus, there is no requirement for collateral. There are significant concentrations of credit risk within the Group.

Receivables are monitored on an ongoing basis with the result that the Group's exposure to bad debts is not significant. Significant concentration of credit risk as of September 30, 2021 and December 31, 2020 pertains to loan receivables from a related company both amounting to P250.0 million, which comprise almost 42% of the Group's loan and receivables in both periods, respectively.

The table below shows the maximum exposure to credit risk of the financial assets of the Group:

	Unaudited	Audited	
	September 30	December 31	
	2021	2020	
Loans and receivables			
Cash and cash equivalents	344,436,680	80,366,937	
Receivables			
Loan receivable from related party	250,000,000	250,000,000	
Current portion of lease receivables*	1,214,004	1,773,874	
Interest receivable	1,243,182	1,140,560	
Due from affiliates	818,276	619,659	
Others	1,542,912	384,912	
	599,255,054	334,285,942	

*Noncurrent portion of lease receivables arises from the straight-line recognition of rental income, excluded.

The Group expects the current portion of the lease receivables to be realized within three (3) months from end of the reporting period. The amounts due from related parties are all collectible and of good credit quality.

High grade assets are considered as having very low risk and can easily be converted to cash. These assets are considered for counterparties that possess strong to very strong capacity to meet their obligations.

As of September 30, 2021 and December 31, 2020, past due but not impaired receivables are aged 90 to 120 days while impaired receivables are aged over 120 days.

(i) Cash and cash equivalents

There is low credit risk exposure and immaterial expected credit losses (ECL) as these are deposited/placed in accredited universal banks as defined by the Philippine Banking System that have high credit standing in the financial services industry.

(ii) Receivables

Related parties

Credit exposure of the Group on loan and other receivables from related parties is considered to be low as there is no history of default and known to have strong credit standing of concerned related parties. Credit risk is negligible since the related parties are faithfully paying on normal credit terms based on contracts. There were no provisions for doubtful accounts relating to amounts owed by related parties because of strong financial condition of the concerned entities. Terms are normally due on demand.

The maximum credit exposure is equal to the carrying amount as at September 30, 2021 and December 31, 2020.

Third parties

The credit quality of receivables that are neither past due nor impaired can be assessed as reference to historical information about counterparty default rates. The Group does not hold any collateral in relation to the receivables. None of the financial assets that are fully performing have been renegotiated in the last year or period.

(b) Interest rate risk

Interest rate risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of the changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term loan receivable with interest rate repriced on periodic basis. Since the Group's long-term loan was granted to a related party, there is no requirement for collateral or guaranty. The Group has no long-term loan receivable as at September 30, 2021.

(c) Equity Price Risk

Equity price risk is the risk that the fair values of the equities will decrease resulting from changes in the levels of equity indices and the value of the individual stocks. The Group's price risk exposure relates to its quoted equity investments where values will fluctuate as a result of changes in market prices. Such quoted equity investments are subject to price risk due to changes in market values arising from factors specific to the instruments traded in the market.

(d) Liquidity Risk

Liquidity is the risk that the entity will encounter difficulty in raising funds to meet commitments associated with financial instruments. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of cash and cash equivalents, and loans. The Group also monitors its risk to shortage of funds through monthly evaluation of the projected and actual cash flow information.

Capital Management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios to support its business and maximize shareholder value. The Group manages its capital structure and adjust to it, in light of changes in economic conditions.

The Group monitors capital using a debt-to-equity ratio, which is the total liabilities divided by total equity. Total liabilities include current and noncurrent liabilities. Equity comprises all components of equity.

The Group's objective is to ensure that there are no known events that may trigger direct or contingent financial obligation that is material to the Group, including default or acceleration of an obligation that will require increased capitalization.

The debt-to-equity ratios as of September 30, 2021 and December 31, 2020 are as follows:

	Unaudited	Audited
	September 30	December 31
	2021	2020
Total liabilities	8,683,988	11,838,051
Total equity	1,295,810,303	1,022,700,336
Debt to equity ratio	0.007:1	0.012:1

The Group is not exposed to externally imposed capital requirements and there were no changes in the Group's approach to capital management during the period.

Fair Value Estimation of Financial Assets

(a) Receivables

Due to the short-term nature of the Group's financial instruments, the carrying amounts approximate their fair values as at September 30, 2021 and December 31, 2020. The carrying amounts of interest-bearing long-term loan receivables approximate their fair values due to periodic repricing based on market interest rates.

(b) Financial assets at fair value through other comprehensive income

The fair value of quoted equity instruments is determined by reference to quoted market bid price at the close of business at the end of the reporting dates since this is actively traded in organized financial markets. Unquoted financial assets are carried at cost, less any allowance for impairment loss.

(c) Fair value hierarchy

As of September 30, 2021 and December 31, 2020, the Group classifies its quoted financial assets at fair value thorough other comprehensive income to ± 45.0 million and ± 35.0 million, respectively, under Level 1 of the fair value hierarchy. During the reporting periods ending September 30, 2021 and December 31, 2020, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurement.

23. Gain on Sale of Land Rights

In June 2021, the Parent Company realized a gain of P352.7 million on the sale of its land rights to a third party, which gain resulted in a P85.6 million income tax expense and income tax payable of P57.2 million for the Parent Company which was paid in July 2021. As the main condition under the sale agreement, a motion for substitution was made in court to replace the Parent Company with the buyer as the new plaintiff.

The land rights pertain to the Parent Company's option to buy a property in Bauan, Batangas, which it wanted to exercise in early 2000. Unfortunately, the Parent Company was prevented from exercising said option and accordingly, soon after, filed a court case against the landowner. Considering that the case remained unresolved for an unreasonably long period of time, the Parent Company had decided to monetize its interest by signing, in June 2021, agreements which effectively transferred its land rights over the subject property to the said non-related transferree.

The right was sold to a non-related third party amounting to $\clubsuit358.6$ million. Cost of deposit to the Supreme Court of $\clubsuit4.09$ million and legal expenses of $\clubsuit1.8$ million were charged against the proceed.

The Group earned interest income of $\clubsuit7.1$ million as of September 30, 2021, $\clubsuit2.6$ million or 27% lower than the same period last year of $\clubsuit9.8$ million. The decrease in net interest income was due to the lower short-term loan balance as of September 30, 2021 of $\clubsuit250.0$ million as against last year same period of $\clubsuit262.0$ million. The interest rates also decreased from average of 4.3% per annum as of September 30, 2020 to 3.4% this period.

Rental revenue for the period ending September 30, 2021 amounted to P6.5 million, P19.3 million or 75% lower than the same period last year of P25.8 million. The decrease was due to the termination of the lease rental on properties in Bauan, Batangas to a third party in December 2020. In addition, a 25% rebate was given to KPMI from January to September 2021, while in 2020, the rebate started from March 15, 2020. This was due to difficult business environment due to Covid 19.

As of September 2021, the Group recognized lower equity in net earnings of an associate of $\mathbb{P}4.8$ million, $\mathbb{P}1.1$ million or 23% lower than the same period last year of $\mathbb{P}6.2$ million. The decrease in equity share was due to lower net income of $\mathbb{P}19.4$ million as against same period last year of $\mathbb{P}24.9$ million recognized by the associate brought by the lower power sales distribution revenue and lower land lease rental.

In February 2020, the Parent Company entered into a payroll service agreement with related companies with regards to the payroll system upgrade of the Parent Company, KPMI and KSSI. From February to December 2020, the total payroll service fees amounted to $\mathbb{P}1.1$ million. Material Events and Uncertainties

The COVID-19 global pandemic and the challenges it brings forth to the Philippines continues in 2021. During the year, the National Capital Region (NCR)continued to be under the extended General Community Quarantine (GCQ) with its less stringent guidelines from January 1, 2021 to March 21, 2021. However, with COVID-19 cases spiking at an average of least 6,000 per day in March 2021 compared to 2,000 per day in February 2021, the government then put the NCR, Bulacan, Laguna and Rizal (collectively known as "NCR Plus") under Enhanced Community Quarantine (ECQ) with its stricter lockdown guidelines effective March 22, 2021. Unlike the first ECQ in 2020, public transports are allowed to operate but at reduced capacity. Likewise, curfew has been imposed in NCR Plus forcing businesses to adjust its operating hours. The NCR Plus bubble "lockdown" was later eased to the Modified Enhanced Community Quarantine (MECQ) on April 12, 2021 and has since been extended up to 14 May 2021. This was further eased to GCQ with "heightened restrictions" until May 31, 2021. From June 1 to June 15, 2021, GCQ was extended "with restrictions." NCR Plus remained under GCQ "with some restrictions" from June 16 to July 15, 2021. From July 16 to 22, 2021, NCR was put back to normal GCQ only to be put back under GCQ with "heightened restriction" from July 23 to July 31, 2021as the health department confirmed the local transmission of the COVID-19 Delta variant.

NCR reverted to the stricter MECQ from September 1 to 7, 2021. Despite the continuing increase in new COVID-19 cases, the NCR was eased back to GCQ, Alert Level 4 as the government continued to balance the need to reopen the economy and promoting public health with the new Alert Level System that favors localized, small scale "granular" lockdowns instead of region-wide quarantine measures. Under the new alert level system, the government has expanded the capacity for indoor and outdoor activities for fully vaccinated individuals. Most of the other areas in the Philippines remain under the less stringent GCQ.

As of October 22, 2021, the Philippines has recorded 2,740,111 cases of COVID-19 with 2,633,039 recoveries and 41,237 reported deaths due to the virus. Since the vaccination rollout last March 1, 2021, about 29 Mn and 25 Mn individuals have received their first and second vaccine dose or 26.3% and 22.5% respectively of the 111 Mn Philippine population. The government has increased its original vaccination target from 70% to 90% and estimate to reach this herd immunity threshold by 2022.

In compliance to the government proclamations, memorandum, and guidelines and in order to mitigate the risk of spreading COVID-19 in the workplace, the Parent has provided alternative work options such as working from home to ensure continued business operations. The Parent continues to be in close communication with its stakeholders during 2021's GCQ, ECQ, & MECQ period that includes, among others, it's employees, lessees, borrowers, industry regulators, suppliers and service providers. 90% of the Parent's personnel have received their second vaccination dose.

Notwithstanding the prevailing community quarantine level and the current COVID-19 situation in the Philippines, there are no known trends, commitments, events, or uncertainties that will have a material impact, whether favorable and unfavorable on the revenues or income from continuing operations of the Company. There are also no off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the Company with unconsolidated entities or other persons created during the period.
